

S-WORLD ANGEL THEORY VIDEOS

June 2017 to 8th March 2021

By Nick Ray Ball 7th April 2021

We're now going to look at 39 videos on S-RES and related commentary, videos run for between a few minutes to over an hour, and the complete set paints a detailed picture of the development of S-RES and the S-World Network between mid-2017 to February 2021, the hive of activity after 16th Feb 2018 and the first S-RES video #5.

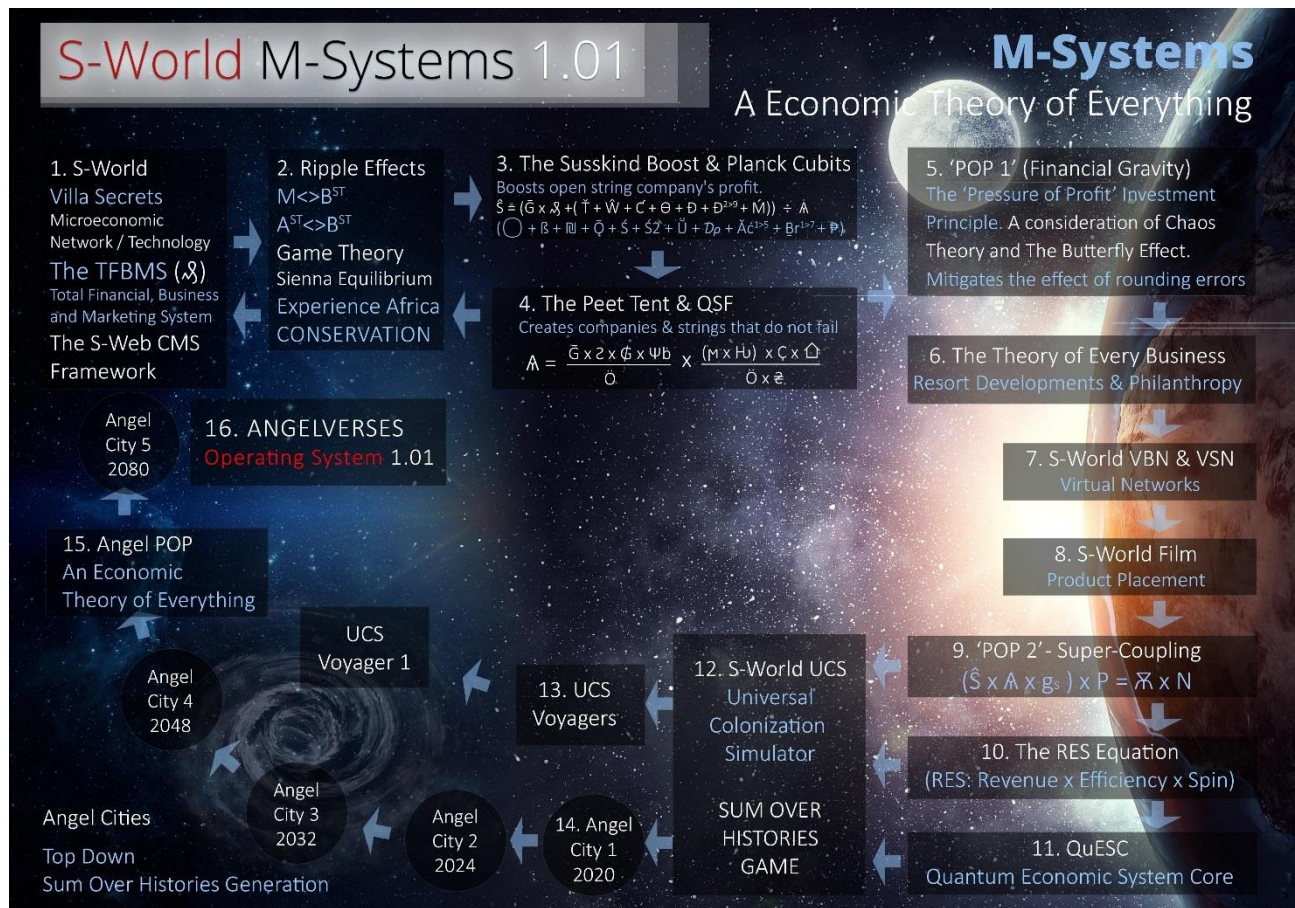

I created the first S-World video in June 2017 at this point RES or Š-ŘÉS™ was not a key system. Š-ŘÉS™ begins at video 5. We start with the 2017 M-Systems design. 4 Years later this design was recreated as The Ten Technologies. See www.AmericanButterfly.org 2012, www.AngelTheory.org 2016, www.Aupereconomics.ai 2020 and in development now www.The10Technologies.com

Angel Theory VIDEO 1

1) Angel Theories' M-Systems 1.01 - Introduction for Lee Chazen - (13th June 2017)

www.angeltheory.org/video/1 33 minutes 30 seconds

Angel Theories' M-systems tells of a fantastic journey from a theory of everything to a theory of every business. Built upon the butterfly effect and ripple effects M-Systems extends within Angel Theory which enables our theory of every business to become a theory of equality, conservation, and reaching our potential.

2) An Economic Theory of Everything (E-TOE) (14th November 2017)

www.angeltheory.org/video/2 51 minutes 26 seconds

In physics, 'The Theory of Everything' (M-Theory) is what can unite the subatomic world and Einstein's Theory of Gravity. It describes the forces of nature and the fabric of the universe. But can M-Theory also be used in economics?

Welcome to S-World's M-Systems - An Economic, Philanthropic, and Ecological Theory of Everything. Originally labelled 'The S-World PQS' (Predictive Quantum Software), below we see the S-World M-Systems design, where each system flows into the next, increasing in power each step of the way until it completes the circuit and returns to M-System 1, where after the rodeo starts again, but each time with greater input creating a circular event and an economic, philanthropic, and ecological theory of everything.'

8) An Accounting Theory of Everything | The S World UCS™ MZ-Network 1.01 (20th Feb 2018)

Video: www.angeltheory.org/video/8 **11 minutes 05 Seconds**

This video shows Š-ŘÉŠ™ before the Š-ŘÉŠ™ Calculator Spreadsheet.

Note that it's a completely different set of figures, and way of working it out, but comes up with a significant increase to the money supply.

And now we see an interpretation of Einstein's theory of special relativity, smashing the s*** out of current economics!

Increasing 'E' to 100% creates 'infinite accumulation' and not the Marx model, true infinite accumulation, like 'energy equivalence' in $E=MC^2$.

(Note that I would later add Š for Savings which is the rolled-over money)

Angel Theory VIDEO 10

10) The Š in The RÉŠ Equation for Kate (17th May 2018)

Video: www.angeltheory.org/video/10 6 minutes 12 seconds

This No-Nonsense RÉŠ Equation Video was for my friend and ex-wife Kate Ball. (Previously Kate Thompson)

This shows the accounting principle of the RÉŠ Equation to a qualified viewer for the first time, and after Kate would find the principle was correct.

And when I say qualified viewer Kate is no slouch, a double first from Cambridge University in the Natural Sciences, and before we emigrated to South Africa Kate was a senior director for Universal Music Publishing UK, which netted her about 40 gold and platinum discs that I insisted we put on the wall of our newly built Camps Bay Villa.

Since moving on from Universal Kate took the CEO job with Peer Music (the biggest independent music publisher in the world) Among other duties performed accounting, and so in terms of 'the accounting' Kates confirmation was a good start to acceptance of RÉŠ Equation, although she did later speak to the underlying assumptions, which then prompted the book Š-RÉŠ™ and The City to focus on said underlying assumptions including Tax Symmetry and another 200 pages on this and that concept.

Unfortunately, the video has no sound. 😞

Video 17 continued from the previous presentation, instructing two key points The Sienna Equilibrium, which is today at the frontier of Supereconomics, and the David A. Moss Cash flow to GDP Variable, which like Einstein's cosmological constant may not be correct, but nonetheless seems necessary.

Unfortunately, the video has no sound. 😞

A More Creative Capitalism was the economics and systems in The Angel Theory – Paradigm Shift books 2b. A More Creative Capitalism, Book 3. The GDP Game and Book 4. The TBS & Villa Secrets. It was all things economics and the software to control things.

Whilst the first chapter/book called A More Creative Capitalism was written on 24th April 2018 the initial influence was from Bill Gates Harvard Commencement Speech in 2007, which was retold to me by a friend whilst climbing Lions Head in Cape Town. A few years later and I looked it up, and this is where the name “A More Creative Capitalism” comes from.

19) RÉŚ and The Sienna Equilibrium 2.05 (9th September 2018)

Video: www.angeltheory.org/video/19 **29 minutes 18 seconds**

This video shows the second version of RES, this time the S-RES Trade Model influenced by Oxfords' Paul Collier and Nobel laureate Paul Krugman.

Angel Theory VIDEO 20

20) RÉŚ Spin 0 and The Sienna Equilibrium for Paul Krugman - 3.02

(22nd September 2018)

Video: www.angeltheory.org/video/20 **36 minutes 24 seconds**

This video continues from the last, this time focusing on the "Your spending is my income" concept from Paul Krugman book End This Depression Now.

Next, we start the begging of a 3 part set of videos for Paul Krugman. This set of videos are good and should be watched, well at least the first one. We soon arrive at RES History 2 and then 3 in which there is no trade, this video and spreadsheet tab specialise in trade.

Note we only removed trade in UCS History 3 to remove any arguments about trade figures, basically, we did not need trade so long as we have the suburb sale. In the long term, we will probably add trade to future S-RES simulations.

25) **RES v4.14 - Manual Display - Ad Libbed (27.20 Minutes)** (27th Dec 2028)

Video: www.angeltheory.org/video/25 **27 minutes 19 seconds**

This is my favourite RES or S-RES video, it was unscripted and shows a very powerful RES™ which gets Malawi from zero to one percent of GDP and all that brings 29 years earlier in 2051, not 2080. Plus it battles 15 years of severe recessions and a depression in which all trade stops, but by following RES™ the S-World Malawi network of businesses increases cash flow every year.

However, in making this video and its various essays I saw a point where I was bound to get push back – the trade figures. Whilst given the money floating around one could expect good trade figures, one could not be certain of a single cent.

So, I created a new UCS History – History 3. And it is this History that almost every video from here on is about. In History 3 I removed almost all trade figures, leaving just a token 1 million dollars.

This was the first step towards the current model of completely quantized-determined cash flows for all network businesses. A genuine contender for an economic theory of everything

Video: www.angeltheory.org/video/27 **12 minutes 57 seconds**

This important video is a continuation of History 2 videos 24, 25 and 26

This begins with an explanation of the RRT, known to bankers as Fractional Reserve Lending

<https://www.youtube.com/watch?v=mzoX7zEZ6h4>

10:14/29:55

Fractional-reserve banking, the most common form of banking practised by commercial banks worldwide, involves banks accepting deposits from customers and making loans to borrowers while holding in reserve an amount equal to only a fraction of the bank's deposit liabilities. [Wikipedia](#)

After the RRT I present the CMS controller design for the S-World History 2 and 3 simulations.

Video: www.angeltheory.org/video/29 1 hour 37 minutes 03 seconds

Having arrived at the end of the task of cataloguing the previous 28 videos, I have now to upload the 6 videos about ŠÉŠ-v5. Unlike the ŘÉŠ-v4 and the ŘÉŠ-v3 videos, all six ŠÉŠ-v5 videos are unscripted, using the spreadsheet and websites as prompts.

Leads into a section on Oxford Universities Kate Raworth's Book Doughnut economics at about 1 hour sixteen minutes

30) ŠÉŠ-v5 - S-World History 3b (57 Minutes) Unscripted (24th March 2019)

Video: www.angeltheory.org/video/33 34 minutes 53 seconds

This video was the main History 3 video presented
 It stumbles a little at the begging because we were in the transition from ŘĚŠ to Š-ŘĚŠ and at this point, I thought it should be ŠĚŠ, in a few videos time it becomes Š-ŘĚŠ™

Starts with removing the real estate sold column so that the only income is from The Suburb Sale.

This eventually leads to

THE **Suburb Sale**

$$\text{House} \geq \text{ÉL}$$

The Suburb Sale Must make the same or more than É Leakage
If the above is true every business in the network is successful.

Equally as significant is the Special Project Allocations that are the heart and soul of Book 3 – THE WHY (64 Reasons Why)

See <https://www.angeltheory.org/64-Reasons-Why--Summary.pdf>

This is my favourite S-RES Video

One error was my note on US Antitrust – as after 20 years of inaction the US has restarted antitrust. The spreadsheet below is the current version as of 1st April 2021. This contains all the tabs you see on the video. But not in the same order.

Note on both the download will probably seem suspicious for malware, you can ignore that, it's just the spreadsheet is massive with many components. If you are concerned contact me at nick@villasecrets.com or +44 7387 394 298 and I can email it to you.

Angel Theory VIDEO 43A3

Video 43a3: Supereconomics Book 2 - The How - Š-ŘÉŠ™ Financial Engineering (23rd July 2020)

Video: www.angeltheory.org/video/43a3 **19 minutes 28 seconds**

[https://www.angeltheory.org/Supereconomics-History-3--S-RES--11.11-v1.08-\(23rd-July-2020\).pdf](https://www.angeltheory.org/Supereconomics-History-3--S-RES--11.11-v1.08-(23rd-July-2020).pdf)

This video and the PDF show an early version of the S-RES presentation that I am currently working on; **S-RES-2021--11.94** for presentation to the Gates Foundations, Elon Musk, Paul Romer, Peter Thiel and now Carlo Rovelli.

Angel Theory VIDEO 44A1

44a1) Test 1. The Š RÉŠ™ Calculator !!! Ends Badly !!! (1h:07m) (16th Nov 2020)

Video: www.angeltheory.org/video/44a1 **1 hour 7 minutes 31 seconds**

Whilst as it says – it 'ends badly' at the time of writing (April 1st, 2021) This is the most recent S-RES video and is well worth watching for what S-RES can achieve.

I am not including the PDF because sharing the complete book gives a lot of information that may be best kept as a secret for now.

In general, however, if there is no newer S-RES video this is a winner. I tried to make a shorter video after, but this did not work out.

This video ends badly but also ends well as I multiply the Malawi result in 100 other locations **making over \$1000 Trillion** (A million billion US dollars) between now and 2080.

Angel Theory VIDEO **CAPE-TOWN-GUIDE**

Cape Town Guide 2000 to 2004 (29th Nov 2020)

Video: www.angeltheory.org/video/Cape-Town-Guide **6 minutes 30 seconds**

Going way back, this was the first virtual tour made in Macromedia Flash, a technique that became the industry standard for a while.

This product was offered its own TV channel and led to meetings with the grandchildren of Nelson Mandela and Walter Sisulu and Galileo GDS about creating a global version where one could book hotels and villas first, and looking back, it would have worked well but in the end, my inexperience with investment led this venture to nothing.

Except of course S-World which is Sienna's World – The world being a next-generation virtual world, which would also be a virtual heaven for Sienna. This led to the film The Sienna Projects and the idea that **Sienna was sending me information on how to build a next-generation economy from across the spiritual plane, where after I spent the next 10 years working on it.**

45a. S Web™ Video 1. Introduction and History - 1.03 (9th Feb 2021)

Video: www.angeltheory.org/video/45a **5 minutes 33 seconds**

This video marks the begging of a new project, well the same project seen in a simpler way, seen as The 10 Technologies on www.The10Technologies.com

S-Web is the first of The 10 Technologies, this video shows the S-Web navigation system that controls the navigation of the website. After we have a brief history of S-Web 2009 to 2021.

The new S-Web Home Page CMS should be ready soon and will continue as video 45b.

This is the end of the Angel Theory videos to date (6th April 2021)
