CTLV: CAPE TOWN LUXURY VILLAS
2014 TO 2017

Retrospective Note:

This was the begging of cataloging the spreadsheet tab: S-World PDFs (The bottom half of the spreadsheet). But as I found there were 150 PDFs to be checked and about 500 videos to choose from this is about half a year's work that was nowhere near as essential as cataloging the S-World Library.

I would have binned this if not for the begging section.

Note that 2 stars ★★ is not bad like a 2-star hotel, instead, I rate on content and presentation, so for instance the rating below is simply no presentation and two stars of content. Still worth a look, if it's in your area of expertise or specialization.
