*date with all new essays and papers, some, but not all are recorded.*

*This makes this sheet itself far less useful, so I will from now on go back to adding all potentially interesting works to this list, and when I come to works that have been written already, not added here I will add them, which may make for some slight confusion, but I'm sure you can work that out, whoever you are.*

*Hi, cheers for going through this.*
